Please bring: Please keep a document file ready to write notes and suggestions.

Agenda Item:

Continue Meeting-5. To understand and prioritize the user stories, collected from various users

Discussion:

- Revisited the already discussed User Stories and brainstormed some more possible scenarios.
- Outlined the different requirements in different stories and formulated the acceptance criteria.
- Explored and understood which acceptance criteria were achievable and relevant.
- Reviewed accordingly and discarded a few user stories which were beyond the scope of our project.
- Examined the important and central user stories and assigned them a high priority.
- Bifurcated the remaining user stories into medium and low priority based on their importance.
- Structured a rough layout for which user stories must be taken up in which sprints.

Conclusion:

Gained a rough understanding of the core functional requirements and estimated how long they'll take to be accomplished.
